Manjali Technologies | Frontend Developer
Feb 2020 – Aug 2018 | Belgaum, India(Internship)

This system will help to the customer to search and shop jewellery online. The main intention of the online shop is to fastest delivery service. That jewellery will send to the recipient within 24 hrs. if the customer is from the same city. Using this website user can save his/her time by not going outside in different shops to search jewellery.

PROJECTS

Telemerg | FULL STACK BASED PROJECT / DEV COMMUNITY
Telemerg is a revolutionary combined Telemedicine and EMR software solutions system uniquely designed to reduce clutter and redundancies so you can focus on the things that matter. Taking advantage of cloud computing in healthcare, our cloud-based telemedicine and EMR works across all your devices from anywhere, anytime.
